

# REVELLE ANAÏS

**As a first-year student of DUT Informatique, I am very familiar with everything there is to know about computers.**

## PROFESSIONAL EXPERIENCE

**Intern | Dr OPIGEZ Céline | 2016**

During a one-week internship I was able to discover the world of work alongside a physiotherapist. I assisted her in particular in the consultations with patients suffering from vestibular disorders but also in the home travel as well as in the administrative part of the profession.

## FORMATIONS

**DUT Informatique | In progress (1<sup>st</sup> year) | IUT of Lens**

Learning Python language, SQL and web programming basics.

**Baccalaureate | 2019 | High-School Henri Darras of Liévin**

Obtaining the STI2D diploma in digital information system, I was able to acquire the basics of computers as well as electronics.

**Middle School's certificate | 2016 | Middle School Anita Conti of Bully-les-Mines**

Obtaining middle school's certificate with mention.

**First Aid and CPR Certification | 2014 | National Police**

Civil Security Citizen Competencies

## GOAL

**The only objective I have at the moment, as a student, is to gain a minimum of experience in the world of work to help me afterwards and thus have more professionalism.**

## HOBBIES

**Passionate about music, I play guitar as a self-taught player for more than 2 years. I also run regularly and I especially like to read during my free time.**
